# Boing Class Policies Agreement *Please read all and sign below*

As new friends join us at Boing we sometimes forget that not everyone just naturally knows all the little details that make Boing tick. Now, we're not a big fan of "policies" (sounds too much like rules to us) but the fact is that classes run better for everyone when we are all onboard with a few simple points. So with that in mind here are a few points we can agree on to make Boing the best it can be.

## Prompt payment of full ten-week tuition fees (we do not offer half sessions)

We run 40 weeks of classes each season. Most families accept this as one 40-week session divided into four ten-week billing cycles. Others prefer to enroll for just a quarter, half or three quarters of the year. That's cool too. As a convenience we allow you to break a ten-week fee into two five-week payments. However, please note that this does not mean you have signed up for just five weeks.

We do not offer half sessions. Both halves of the ten-week payment are expected.

## Make-ups

When it comes to accommodating make-ups for missed classes our first priority is maintaining our low student to instructor ratio. For that reason make-ups can only be assigned into classes that have spaces available. If a class is full there will be no make-up spaces available.

**Please keep in mind that make-ups are not guaranteed. It's always best to avoid missing classes except in extreme and unavoidable circumstances.** Also, please keep in mind that make-up classes cannot be carried over into the next billing cycle unless your gymnast is enrolled and paid in full for that cycle. **All make-ups must be scheduled at the front desk ahead of time.**

## Gonna miss a class? Give us a call!

**If you think your gymnast may miss their class please give us a call as soon as you know.** This allows us to put a make-up in the open spot.

## Credits and refunds

**Credits and refunds are only issued on a case to case basis. Usually due to long term illness or injury.** Multiple missed classes for any other reason can be made up (see above) but no credit will be issued. Why no credits? If we were to offer credits for missed classes, we would have to raise our fees to everyone by about 30% to accommodate the estimated loss in revenue. Most parents would rather pay less for classes than to pay additional cost to subsidize a credit policy.

## Arriving late for class (unavoidable and occasional reality vs. problematic habit?)

**Five minutes early is on time. On time is five minutes late. Late is a major pain in the tushy for everyone**

First off, let's all agree that there are two kinds of late. First is the occasional late arrival. That happens to everyone. We're parents too, we get it! The second is more problematic. If you are consistently late most weeks or every week we will probably approach you about scheduling to more convenient class time. Habitual late arrivals create several problems for our staff and other customers. For example:

- Late arrivals (especially in the preschool age groups) cause a disruption to the start of the class when the instructor is trying to establish a controlled, safe environment.
- It is important for the safety of your gymnast that they participate in the full warm up activities in the first ten minutes. It looks like fun but it also serves an important purpose.

**Please make it a habit to arrive 5 to 10 minutes before class time to allow for changing, hair fixing and bathroom visits.**
